April 2010

To Whom It May Concern:

This letter is in reference to **Ashwin Panchapakesan**, who I have directly supervised from October 2009 to March 2010. He worked for me at the Office of the Registrar, at the University of Toronto Mississauga part-time during the school year 2009-10. He tested our WEB applications available to students, faculty and staff, as well as developed several WEB applications using PHP and MySQL database for PC and mobile devices.

Ashwin has an incredible ability to understand complex business policies and test applications according to our procedures.

While working with us he has also been studying full-time and has always been able to carry out his responsibilities without compromising his work or his studies.

Ashwin leads by example and many people here find his enthusiasm and dedication both inspiring and motivating. As part of the IT team, Ashwin has worked hard to build authentic relationships with the employees. His efforts have created a happier and more productive team.

He is conscientious, bright and a very hard working individual. I would strongly recommend Ashwin.

Please do not hesitate to contact me if you require further information.

Sincerely,

César A. Mejia
Manager of Information Technology
Office of the Registrar
