RESEARCH ACTIVITIES

Funded Research Activities

- 2009 Co-investigator (PI: Joan Benach – Pompeu Fabra University, Barcelona, Spain)
○ Global Employment, Health, & Equity Surveillance System
○ Convocatoria de ayudas de Proyectos de Investigacion Fundame, Fondo de Investigacion Sanitaria.
- 2009 Co-Investigator: (PI: Carles Muntaner – Centre for Addiction and Mental Health)
○ Uncovering Determinants and Impact of Workplace Violence for Psychiatric Nurses Using Concept Mapping
○ Canadian Nursing Research Foundation.
- 2008 Co-Primary Investigator (with Carles Muntaner – University of Toronto)
○ New Country Typology for the Presentation of Social Determinants and Health Equity Policy Recommendations, Including the Recommendations of the Commission on Social Determinants of Health
○ The WHO Commission on Social Determinants of Health (CSDH).
- 2007 Co-Primary Investigator (with Carles Muntaner – University of Toronto)
○ Country Typology for the Presentation of Social Determinants and Health Equity Policy Recommendations, Including the Recommendations of the Commission on Social Determinants of Health
○ The WHO Commission on Social Determinants of Health (CSDH) (\$45,000)
- 2007 Co-Investigator (PI: Young-Jeon Shin – Hanyang University, Seoul, South Korea)
○ Changes in Nordic Health Security Systems and Their Implication for the Korean Society, National Health Insurance Corporation, Republic of Korea (\$25,000)
- 2007 Co-Primary Investigator (with Carles Muntaner – University of Toronto)
○ Labor Institutions and Socioeconomic Inequalities in Health among Wealthy Countries
○ CIHR Analysis of the World Health Survey Priority Announcement (\$35,000)
- 2007 Co-Primary Investigator (Supervisor: Carles Muntaner – University of Toronto)
○ Improving Population Health Beyond Universal Health Care: The Context of Welfare States and the Relative Effectiveness of Health Care System
○ CIHR Post-Doctoral Fellowship Competition (\$105,000)

Other Research Activities

- 2006 Data Analyst: “Precarious Work and Health among Korean Workers.” Connaught Start-up Award, funded by University of Toronto
Multivariate regression analyses investigating insurance status, employment condition, and health outcome
- 2003-05 Data Analyst: “Work organization, depression and injuries among home care assistants.” Funded by the National Institute of Occupational Safety and Health (NIOSH).
Cross-classified multilevel analyses of individual, census track, and work-place-level indicators to understand determinants of incidence and prevalence of depression
- 2003-05 Data Analyst: “Community socioeconomic position, depression and anxiety disorders.” Funded by the National Institutes of Mental Health (NIMH).
Multilevel analyses of individual and census track -level indicators to understand determinants of incidence and prevalence of depression and anxiety
- 2002-03 Research Assistant: “Work Organization and Depression in Nursing Homes.” Submitted to the National Institutes of Health (NIH) and funded by the NIOSH
Cross-classified multilevel analyses of individual, census track, and work-place-level indicators to understand determinants of incidence and prevalence of depression, primary data collection and survey analyses
- 2003 Research Assistant: “ACGRx.” Johns Hopkins School of Public Health
Application of the Ambulatory Care Group (ACG) protocol to pharmaceutical claims data
- 2002 Research Assistant: “Breast and cervical cancer screening among Korean Americans.” Johns Hopkins School of Public Health
Investigation of the relationship between the cancer-prevention education and participation in screening, interview and survey research
- 2001-02 Research Assistant: “Systemic labeling of pharmaceutical products in layman’s language.” Department of Pharmacy, Seoul National University (Funded by Ministry of Health and Welfare (Republic of Korea))
Development of labeling protocol to enhance over-the-counter (OTC) drug use
- 1999-2000 Research Assistant: “Drug Information Software development.” Department of Pharmacy, Seoul National university (Funded by Ministry of Health and Welfare (Republic of Korea))
Development of a computer software to assist pharmacists’ dispensing and patient education in retail and hospital pharmacies

TEACHING AND MENTORSHIP

Courses

- Jan 6th – Apr 6th, 2010 Course instructor, “**Comparative Politics of Health and Health Policy in a Globalizing World**,” University of Toronto.
- PhD Level
 - Core required course for Interdisciplinary Program in “Global Health,” and Interdisciplinary Program in “Community Health.”
 - Departments of Public Health Sciences, Health Policy Management and Evaluation (Faculty of Medicine), and Faculty of Nursing, University of Toronto.

- 2009 Course instructor, “**Theories and Methods in Global Inequalities of Health**,” University of Toronto.
- o Graduate level
