Buy-in = **\$10** = \$500 in chips

Chip exchange:

- Chip up between rounds. You will have \$1,000 (or \$0) in chips after round 1.
16 \$25's, 6 \$100's
- Chip up between rounds. You will have \$2,000 (or \$0) in chips after round 2.
12 \$25's, 7 \$100's, 2 \$500's
- Chip up between rounds. You will have \$4,000 (or \$0) in chips after round 3.
12 \$25's, 12 \$100's, 5 \$500's

Tables:

Initially have 8 tables (literally 4 tables, with 2 games at the ends of each).

Each time a player is eliminated, the remaining player pauses until play has finished at the others.

Following rounds have half as many tables. This is a sudden-death shoot-out elimination!

Re-buys and Add-ons:

This is a shoot-out: When your chips are gone, so are you!
