Villejoubert, G., & Mandel, D. R. (2002). The inverse fallacy: An account of deviations from Bayes's theorem and the additivity principle. *Memory & Cognition*, **30** (2), 171-178.

In the first paragraph of the text on p. 171, the letters D and H were incorrectly transposed in Equation 1. The correct equation is printed below:

$$p(H | D) = \frac{p(D | H) \cdot p(H)}{p(D | H) \cdot p(H) + p(D | \sim H) \cdot p(\sim H)}$$
