

ANECHOIC CHAMBER MANAGER

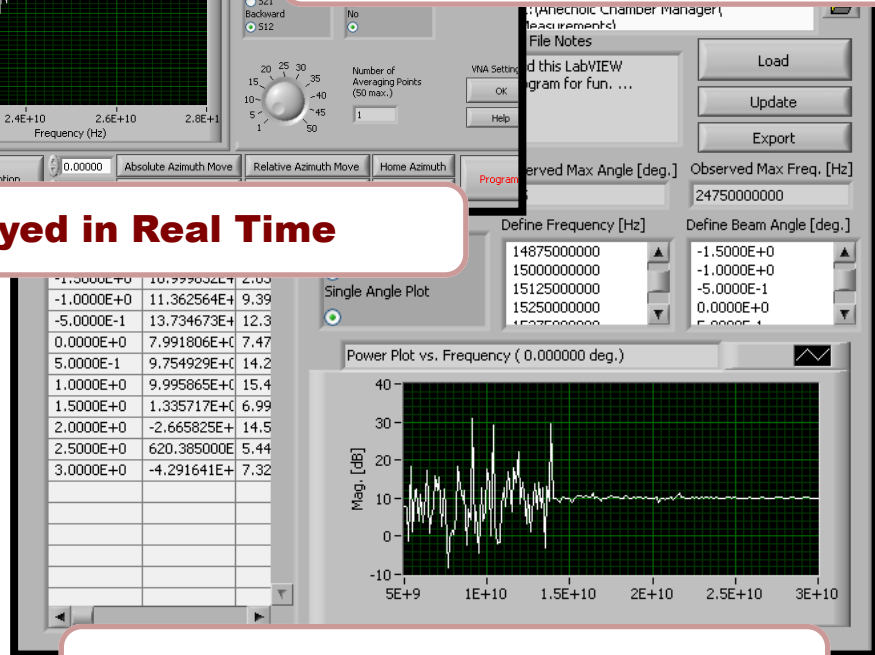

- **Simplified Antenna Measurements**
- **Beam Pattern Analysis in Real Time**
- **Automated Chamber Calibration**
- **Effortless Plot & Export Functions**

3D Pattern Visualization

VNA Displayed in Real Time

- **LAN or GPIB Connectivity**
- **Emergency Stop Shutdown**
- **Multiple Axis Control**
- **Find Boresight Maximum**
- **Calibrated Gain Values**
- **Continuous Wave or Frequency Span Measurements**
- **Circular Polarization**

Swift Analysis of Multiple Data Sets
